

Important Message to our Valued Customers

Over 33 years ago, Force Support Vehicle Operations was conceived to help reduce the stress of traveling in Tokyo. This business was started with three (3) extremely used vehicles and a strong desire to increase the quality of life for military and civilian personnel stationed on Yokota AB. Today we operate four full-time, daily shuttles—three to Narita and one to downtown Tokyo as well as providing personalized transportation services to all areas of mainland Japan and a fleet of U-Drive Vehicles.

As part of our continuing effort to provide the Yokota community these quality of life programs, we recently conducted a review of our rates. We have successfully maintained our current pricing on shuttle tickets for three years and U-Drive vehicles and chauffeured transportation for eight (8) years. However, due to the rising costs of the Yen rate, gas, oil, insurance premiums, payroll, vehicle purchases and maintenance, we determined that a price increase is necessary. This increase will enable us to continue providing you, our valued customer, the reliable, high-quality equipment and service you deserve.

Effective April 1, 2010 we will be adjusting our rates as follows:

Regular Fares

Narita Shuttle	\$40
Narita to New Sanno	\$35
Tokyo Shuttle (Sanno/Hardy Barracks)	
SOFA Sponsored DoD ID Cardholders	\$8
Non ID Cardholders	\$10

Leisure Travel Discounts to Narita

Leisure Travel—Adult	\$25
Leisure Travel—Child 1-12 years	\$15

Leisure tickets may only be used by SOFA sponsored ID cardholders.

U-Drive Vehicles

Vans	\$70/day or \$420/week
Truck	\$60/day or \$360/week
